Well it's not really a problem then, is it?

Since OP said he will consider regular dedicated members as well ^^

So if they are worthy of having it, im sure they will.

Nostre - October 11, 2011, 3:30 am

I'm an upgraded member obviously.

Anyway, that's a really nice theme. How long did it take you to build it?

Its actually my girly theme converted a LOT...

You will find references to this in the theme. girl1 and girl2... lol,

But it took me this morning as i already had another project with the colors i did yesterday so just threw them both together and edited a few things to my liking.

Then came up with this.. but then had to remove all the Pink!! lol ..
