Crap thanks for the heads up i will fix it right now, do you want to purchase?

RapGod - October 12, 2011, 4:07 pm

Good luck on the sales. HEADS UP Everyone: Do not attempt to use this method with CPA Lead. I have contacted the manager asking her to review the email I sent her, applying to my account being denied.

She said any traffic is accepted except Twitter. There is a way around this and I will be happy to distribute this to members, but for now just be cautious. I know most of you won't even use or have CPA Lead, but I thought I would just post this for all of you to be careful. Thanks and good luck again.

They do accept all social network traffic, except from Twitter. I'm not really sure why, and they did not explain it in the T.O.S. How are your sales coming so far?

YMCMB - October 12, 2011, 4:32 pm

Well yea, IF you want twitter, goto CPATank.com they accept all traffic sources
