ANY ANIME RECOMMENDATIONS (MY ANIME LIST INCLUDED) ANIME WORTH MY TIME:::

[animeFAN!] Shana - October 17, 2011, 11:35 pm

trigun is quite slow but has really good action and story.

Steins;Gate and Madoka Magica have really good stories themselves with equally good suspense/action.

HELLHOLE - October 17, 2011, 11:43 pm

STARTED IT AND ITS TRUE IT IS SLOW .

IT IS ON THE LIST

THANKS FOR TRYING :)

rinluvr - October 17, 2011, 11:55 pm

You should check out Gurren Lagann. I felt that had an excellent story including a lot of comedy and a lot of heart felt moments. I can easily say it's one of my favorites.

If you liked DURARARA then you will love Baccano! It was made by the same guy and you often see it in posters or playing on monitors during the DURARARA series. Its more violent and about mobsters in the 1930's. ^^

Reki - October 18, 2011, 7:04 am

After looking at your list, I think you should watch these:

1. Clannad and Clannad Afterstory
2. Steins;Gate
3. Mahou Shoujo Madoka Magica
4. Ano hi Mita Hana no Namae o Bokutachi wa Mada Shiranai

Please make sure to look over his guidelines before posting your recommendations. I wouldn't want him to drop the series you recommended for him just because he is in the mood for an action.

I actually did read it but the only thing that stuck to my head was the good story and worth watching parts. I apologize though, since he stated action first. I'll be sure to re-read posts again before replying.

No probs, only reason i say is because i have seen people recommend clannad and then the person dropped it because they were looking for an action, no-one should drop clannad lol. ^^

How about Code Geass? Its a pretty intense story line. Fighting scenes are bomb! It reminds me of Gundam lol...
