Thread: [Extremely Cheap Backlinks + 1000 Free Backlinks @ Signup](#)

Bandors Jr. - November 4, 2011, 5:35 pm

When you sign up you get 1000 Free Backlinks.

You can also purchase backlinks for \$0.001 USD per Backlink.

Backlink types:

Forum Post Backlinks

Forum Post Backlinks w/PageRank in Domain

Blog Comment Backlinks

How to setup

1) Click on "Click here to create your next backlink project! (And look to the 'Action Window' below.)"

2) Project Name:

The project name is only used for easy identification of a project.

3) URLs:

Enter a list of URLs that will be randomly selected from for each backlink created. One per line. Starting with http:// or https://.

4) Keywords:

Enter a list of keywords that will be randomly selected from for each backlink created. One per line. You are allowed a maximum of 10 words per line and each word can be a total of 50 characters in length.

Note: The shorter your keywords are, the higher success rate you will receive on blog comments. Keyword length does not matter when it comes to forum backlinks.

5) Number of Links:

The number of links that will be created every time your project is scheduled to run. Enter a number from 200 to 100,000. Must be a multiple of 100.

Note: This is the number of links per blast. If you want 4,000 links per day to your website, enter 4,000. Every day your project is scheduled to run it will create 4,000 links.

6) Select which type of backlink you want

7) Select which days you would like the backlinks to be done.

After the backlinks have been delivered everyday that you selected, there will be a downloadable .txt file with the list of urls that were created.

Which then I go to <http://www.pingdevice.com> and ping all the lists.

For ever person that you refer, you get a bonus 1000 Free Backlinks as well.

No offense but if you don't know what it is then its not for you.

but anyways: <http://en.wikipedia.org/wiki/Backlink>
