Here is this users old account and thread,

As it says his same AIM on his old account.

This user is multi-accounting.

Buyers beware.

This is not a sales-trash. This a warning to all my fellow members on HackForums. I would like this to be a safe forum and a safe community

Here is a link to his old thread.

<https://hackforums.net/showthread.php?tid=1500493>

and his old account:

Just confess.

It's for the community.

This is not a sales-trash.
