Very good man i see it is very popular

-Cranium - November 13, 2011, 5:08 pm

Nice site man, if I was interested in anime I'd join.

Wow, 30,000 is a fairly large amount.

How long has it been online for?

hack13 - November 13, 2011, 7:25 pm

Very nice site, I really like it. Must have taken a lot of work to get it where it is at now.

Thanks, it will be getting even better soon once some new updates are coded up.

SavageBoys - December 1, 2011, 2:59 pm

Needs more anime-esque forum icons, the generic ones aren't all that attractive.

First impression "Content OVERLOAD", maybe simplify the header a bit? Seems a bit much.

I won't join, not because its a bad forum or anything but because I don't post about anime anywhere but here.

Maybe once I get my new more powerful rig Ill join to be an encoder.

Thanks for the suggestions.

Currently our members like the ficons we have, so not to inclined to change them.

When we release the new upgrades to the site in a week or so, the header should be toned down a bit. Part of it is due to an event we had.

Although we have received a lot of compliments on the theme and the design of the site, so I guess it really comes down to user preference.

SavageBoys - December 1, 2011, 3:26 pm

Haha, I just realized that my post is like 100% negative.

The light and fresh colors are nice, gives a good cheery feel.

Staff seem nice enough.

(usernames should probably use a slight text shadow to increase visibility though)

Spoiler ([Click to View](#))

text-shadow: 0px 0px 5px #424242;

filter: dropshadow(color=#424242, offx=0, offy=0);

Also:

"IF THIS IS YOUR FIRST VISIT, BE SURE TO CHECK OUT THE FAQ BY CLICKING THE LINK ABOVE."

(The link is on the left.)

I won't go any further, I just keep finding things I dislike, mostly preferential things xD

BlackholesOnii-Chan - December 1, 2011, 5:51 pm

nice site their i register ill try out to be a encoder :D whenever get to it xD

Happeh - December 2, 2011, 4:44 am

No offense taken, if there are any members who want something different. Then they can check out our community, it's only going to get better as we finish up some upgrades soon. But I know what you mean.

btw I love your sigs.

Layfon - December 2, 2011, 12:59 pm

30k members and 150k posts is kind of bad... Well not really, but like more than half of those members are long inactive ^^ But still it's a good forums.

m1cke - December 2, 2011, 7:21 pm

very nice looks good lol keep up the good work

Randy Orton - December 3, 2011, 12:03 am

Nice , will try it soon :)

Cheers my friend

Ryan' - December 3, 2011, 3:49 am

An amazing site, in my opinion. It's definitely worth checking out.

Layfon - December 3, 2011, 10:12 am

Not really... It's better than that other guys roleplay forum with a free co.cc domain (which wont get featured or be on google so that is pretty fucked) where you got to post like 2 years worth to 'rank up' something actually good which is also pointless.

But yeah, I'm a AA member so pretty much gonna stay here.

Astronaut - December 3, 2011, 10:22 am

Pretty cool site, might look into it more later

Yuusha - December 3, 2011, 2:53 pm

I took a look at it and instant disliked it because of the header, way too much stuff there.

We will be tidying up the header in the coming days, making it a bit cleaner and less cluttered.

Sorry, I don't remember signing off paperwork for my image to be shown on your site. Do I smell future lawsuit?

Edit:

I'm pretty sure nautro won't be happy either.

Edit2:

Haruhi just showed me her picture in the corner. She's asking for it to be removed unless she's given half of donations.

Our host is currently experiencing some problems, I believe there are some issues with the harddrives in the server rack that we are hosted in.

Should hopefully be fixed soon.
