Thread: [\[TEST\] Test server please? \[TEST\]](#)

Stuck In Your Radio - November 14, 2011, 11:52 am

Can someone please test my server on a slave? it keeps fucking up and I followed the advice on how to fix it, but I want to know for sure ?

You can easily test your server on Sandboxie or use these websites:

- <http://www.vmware.com/>
- <http://anubis.iseclab.org/>
