Thread: [Warning: Don't deal with the member Gant! \(Legitti the scammer\)](#)

Tyler? - November 19, 2011, 10:45 pm

UPDATE 11/25: I got a PM this morning. Legitti's worthless ass is back trying to "be good" again by buying his rep.

<https://hackforums.net/member.php?action=profile&uid=1491955>

It's a shame. Right after Finland is removed. He's back. Watch out and deal with caution.

Proof from his new accounts reputation page are found from Omni AND JD negging him. So DO NOT DEAL WITH HIM! Odd that they'd let him back with his history and he's L33t again as well...

<https://hackforums.net/reputation.php?uid=1491955&show=negative&sort=dateline>

If you want a read, here's his "I'm not a scammer anymore" thread:

<https://hackforums.net/showthread.php?tid=3034231>

The original contents of this thread are put in a spoiler since this thread is pretty old, but it's all still very valid so be careful!

Spoiler ([Click to View](#)) UPDATE 2: He's changed his name again. But this one makes him obvious. He's also been repfucked. Well deserved.

UPDATE: He has changed his name to Level 50. He's acting legit to gain trust. He may have also hacked my XboxMB account as right after I PM'd him on there asking why he's being a fake, my account was compromised and I was promptly banned for "attempting to infect users". Quite funny how that happened right after. BEWARE OF THIS USER!

So, I wanted to make this thread since Legitti is a known scammer. Now, he "left the forum" and said he was done with it. He's back not too long after.

Profile: <https://hackforums.net/member.php?action=profile&uid=1007789>

Here is the link to the post in the image:

<https://hackforums.net/showthread.php?tid=1549904&page=22&highlight=Legitti> (It's the first post on page 22 of that thread)

[img]http://cache.gyazo.com/e1267059aa18de96ebfc84ef6a2a87eb.png[/img]

Now you may wonder how I can prove this. Well, I got a PM from Philly who was scammed by him. He informed me of BFF. Omni, being the great admin he is, confirmed this and even left a -10 reputation on the scammer.

[img]http://cache.gyazo.com/ace68a6e6e713dc72bf7adbbf269572b.png[/img]

View BFF's reputation page here: <https://hackforums.net/reputation.php?uid=1007789>

Another bit of proof that he is Legitti lies in a post he made a while back asking for a YouTube background. The thread can be found here to ensure I have not altered the image:

<https://hackforums.net/showthread.php?tid=1693099>

[img]http://cache.gyazo.com/c5f4d89a140d98006fe8a89345f27934.png[/img]

[img]http://cache.gyazo.com/53206f3e7346047cfc3f32204c959c8f.png[/img]

Now, you'll see that his YouTube name is BFF which is the name of his new HackForums account. How dumb can you be Legitti? Did you think we wouldn't find you?

Also, a quick search of his username shows all of his scam reports opened by users. He claims they're solved, but they don't appear to be. Link of the search result:

<https://hackforums.net/search.php?action=results&sid=0d186123868db1ec1091097f08221f35&sortBy=lastpost&order=desc>

There you have it. He is back and this is a warning to all members to not do deals with this member.

mania? - November 19, 2011, 10:51 pm

There's really no solid evidence that BFF is infact Legitti.

A -10 from Omni to a newer member and the YouTube name can't just be mere coincidence. If this can be proven wrong, I'll drop this thread.

Masterofcaves - November 19, 2011, 10:57 pm

Well that -10 from omni seems pretty solid to me. But people ofc ignore rep for some reason... It doesn't matter what they are selling, never trust neg rep, and be cautious with +rep as well.

Isaac Newton - November 19, 2011, 11:05 pm

Nice hard work you did there mate.

Anyway, I don't think anyone would deal with him, whether or not he's Legitti.

I look and care for the rep anyone has got before dealing with him.

Nostre - November 22, 2011, 1:45 am

It was obvious that he wasn't going to be fully done with HF.

Deal - November 22, 2011, 4:30 am

It's obvious that he's still on HackForums, why wouldn't he be?

As long as kids keep getting tricked into dealing with him, he'll stay.

EDIT: You know, since I made this thread he hasn't been active for 2 days now. I wonder why. =]

Chuiy - November 22, 2011, 1:15 pm

Nice work detective. If I were you talk to a group on here called The Unknowns, they seek internet justice and it seems like this guy has compiled quite the scam report... so lets see what happens if you report him to the REAL authorities (hackers who aren't restricted by laws or statues like police)

Go for it. He's scammed many users on here and was left untouched due to the Master Donator. But he no longer has it since he made a new account.

Tyler? - November 26, 2011, 11:50 am

Giving this a boost so everyone sees it. He was online yesterday so he's still around.

Tyler? - December 21, 2011, 12:06 am

I'm pushing this up for a couple reasons. This loser is doing legit deals to gain trust. We can clearly see this. Also, he changed his username to avoid this thread most likely. Staff HAS LEFT REP! DO NOT DO DEALS WITH LEVEL 50 A.K.A. LEVEL 50!

SIMULACRUM - December 21, 2011, 2:06 pm

Poor kid. Probably just a sad little indian boy trying to buy a little bit more oil for cow worship.

Diabolic - December 21, 2011, 2:52 pm

Just a question, why did you deal with him if he had a -10 from Omniscient saying 'Don't deal with this member' ??

Well actually not doubting you or anything but if omni knew for sure he'd ban him for multi-accounts instead of -repping him. However idk he might not be banned because he had master donator or w/e

Diabolic - December 21, 2011, 4:27 pm

Oh sorry, yeah It's pretty obvious BFF is legitti. As OP said... YouTube name and account name can't be a coincidence. Also, Omni gave the same -10 to both accounts which makes me think more so.

I have found some more 'proof'.

I went to this thread (<https://hackforums.net/showthread.php?tid=2034837>) and put a non-existent gamertag in, and there was an error saying Fatal error: Call to a member function find() on a non-object in /home/legitti1/public_html/XBLGT.info/index.php on line 69

That is all.

It just bothers me that Staff are letting him stick around. He's never fixed his scam reports and is acting legit to gain trust so he can fuck more people over.

Legitti is back? Jesus fucking christ. ._.

Ha! He had my rep removed. Seems that master donator diamond still holds some power.

I can confirm that 'Level 50' is Legitti.

I hope these comments dont get deleted like my last ones. You have scammed on this account while pretending to be a changed man. How are you going to blame other people for you being a scammer? You tried to rip me off before you changed your name to con artist. You have never NOT been a scammer. You even give fake rep.

Tyler? - December 24, 2011, 1:18 am

Omniscient (60) - Last updated Yesterday, 05:03 AM

Neutral (0): No scam reports on this account and look what you did, you greedy fuck

That was a rep he left on Omni. How cute, he thinks past scam reports don't matter. He thinks a new account means he's in the clear. What a fucking idiot. Glad this pile of shit is gone. Hopefully for good. We don't need scum like him around to scam members as much as he did.
