Thread: [Change \[url=//hackforums.net/misc.php?action=help\]Help Docs\[/url\] \(https://hackforums.net/misc.php?action=help&hid=17 - Stolen Acc\)](#)

Douchebag # 145 - November 24, 2011, 1:01 am

I suggest that [Stolen HF Accounts](#) Help Doc be changed to "Stolen HF Accounts" and that it be included in the Help Doc that the same steps are necessary if you forget/lose access to your HF email or password.

This is confirmed by a Staff member, [Factor8™](#), in [this](#) post.

I also suggest that the [Help Docs](#) itself be reworded to fit the added forgot PW or email addition.

Agree/Disagree?

Thanks for agreeing, guys.
Hopefully this change will happen.

That entire Help Doc needs some small changes to it. N2H isn't Staff anymore and there is a minor format error. Not sure if he will exactly add new content.

Yeah, Quote:Raizo: n2h@hackforums.net

does need to be taken out, possibly even some current Staff Member off-site contacts added.
What is the format error?
Hopefully Omniscient will take this into consideration.

"Be prepared to provide evidence"

Might not be.

I don't think you're supposed to make a new account.

Factor 8 is high on crack, the contact form is open to anyone.

No offense to you, but I'm going to take his word for it.

My entire thread was about this subject and he answered in twice (I think).

I agree with this idea.

Nice idea and hope it gets accepted

Agree with yellows he actually posted on the left for this one.

Douchebag # 145 - November 26, 2011, 6:56 pm

Glad you two agree.

Hopefully this'll be changed.

Omniscient - November 26, 2011, 7:22 pm

I started a complete rewrite for it already. How we deal with account recovery needs to change.
