Hi :) ..

can anyone Give Me A Inbox Mailer To send Mail To Inbox
hotmail & gmail

Can anyone Do That ?

i wait Your Help

Please I Need It :)

meisnick - November 30, 2011, 7:50 am

What the hell do you mean by a inbox mailer, as in a spam mailer or something else?

zix - December 4, 2011, 9:54 am

Yes :) Don't Go Farther It just Mailer To send Inbox's To more than 100 email

Can Any One Help mee ? Please I am Waiting

fat n furious - December 4, 2011, 9:58 am

Wont work, G-mail will just say the amount of mails, example:

John Subject: Hi (100)

it will only show up once.

At hotmail it will automatically move it to the spam folder after like 70 mails.

No There's A Script To Send Email's

It is Forbidenn like any Shell

I think there some one Here have oNe .. :)

Might I ask what you are talking about? If you made it more clear, I could help you -,-

fat n furious - December 4, 2011, 10:35 am

He just wants to e-mail bomb people, which I already told is not possible (or at least not effective)

zix - December 4, 2011, 10:41 am

I want Some Script To send Messages To Inbox

like this <http://mammw.org/mail.php>

fat n furious - December 4, 2011, 10:44 am

Yesh, but the spamming doesn't really work for Hotmail and Gmail.

I think it's effective for outlook and things like that.
