Cause staff members and always online, and I offer security with my transactions, you can ask Factor8 if you wish, both parties and myself are secured through each transaction.

Hi,

I am looking for a MM for a transaction between me and another HF- member. You would need to hold the funds untill a specific work is done, and then forward the funds to the person in question. Is this something you can do? We can discuss more about this in Skype. The transaction is quite large, so we're asking for a lower than usual rate.

Can you PM me your Skype contact details?
