I'm selling more bots. Made a new thread because this is a sale, if you are referred to me from THIS THREAD, you will get a discount.

I'm getting more as more are coming on/new infections

Yes, as you guessed, I'm epic spreading for myself again.

I'm only selling installs. These are for sale for cheap, more you buy = cheaper they are. It also helps if you're trusted on HF.

These are strong bots, mostly from US. They play RuneScape 24-7. 90% of my bots will be playing RuneScape if you infect them with a RAT.

Your file must be CLOSE to FUD, and have a unique mutex to receive them in full!

PM ME!!!!

Also, don't you have like 10 of these threads already?
