Thread: [My Art Work](#)

Sle???????epy - December 18, 2011, 10:37 am

These are just a collection of art I made found on my photobucket, I have a lot more there such as Wallpapers, Avatars, more signatures, Cinema 4D art, YouTube Backgrounds, and a lot of other things. Anyways hope you like it, I just started using Cinema 4 but I think I'm okay for using it for a week. Hope you enjoy!

I agree, for beginner standard of work that is good quality. Keep it up mate, when I was trying to evolve outside of GIMP I was stuck as well. Time sure does fly when making graphics though.
