Thread: [HsiX's sig requests taking](#)

HsiX - December 14, 2009, 10:26 am

I'm trying to improve my photoshop skills, so i'll take some requests.
I'm not very good, so don't be angry if it is ugly as hell
One thing, you have to bring the render, or give the render name.

Hey thanks, its decent for starter. Tree is too shiny, I dont like snow.. And it is too bright. As average I would say 4/10. You need practise and thats why you are here! Also look some tutorials and you will be just fine :)
