iDope -.- - December 27, 2011, 5:08 am

I am here to sell Prepaid Mobile Recharges to all you guys. I will be offering WORLDWIDE recharges.

How cheap am I offering them?

- A 10\$ recharge would cost you 7\$.

What is the minimum amount of recharge that you will have to take?

- 10\$ is the minimum recharge that you will have to buy.

Why am I offering recharges at such cheap rates?

- I have an exploit to a site. No, this is NOT c@rding, and YES, it is completely safe.

Payment Methods: LR / WU for big orders.
