How to make lots from shortening links!

Okay so, you might be thinking ah this is just a stupid thread on how to sign up at adfly and shorten links and pass the links on. WRONG.

REMOVE THE SPACE BETWEEN TINY PIC TO SEE PICTURES.
FIXED THE TUTORIAL, EASIER TO UNDERSTAND NOW.

Requirements:

internet (obviously)

adfly account

Step one:

Navigate to adfly. Make an account on them if you haven't already. Log in.

Step two:

Go to Google and type in "Thank you for clicking my link!". Search it. Then copy everything in the navigation bar (URL bar) or if you're lazy:

http://www.google.ca/#sclient=psy-ab&hl=en&site=&source=hp&q=Thank+you+for+clicking+my+link!&pbx=1&oq=Thank+you+for+clicking+my+link!&aq=f&aqi=&aql=&gs_sm=e&gs_upl=2850l7660l0l8100l31l21l0l8l8l1l392l3516l1.15.4.1l26l0&bav=on.2,or.r_gc.r_pw.r_cp.,cf.osb&fp=45b2d8cdbabb18d&biw=1600&bih=799

For some reason when I added img tags, it showed the broken image icon.

HF's filter blocked some stuff out, I edited it.

LMFAO, that's because of HF's spam filters, the domains are blacklisted here on HF.

I bet this is just an copy-paste from somewhere in purpose someone will click on his adfly link.

No it isn't. I made it myself. By the way, yes the link makes me money but that's also an example on how it works, it keeps going to your link so you get more money.

I fixed it up, it's easier to understand now.

Basically, what you're doing is making the person go through many of your adfly links (which makes you money) to get to one final destination.

Isn't that against adf.ly's terms? Not sure though.

If you're scared that you're gonna get banned, just make a new account.
