Thread: [??Anime of The Year??](#)

Sorun - December 29, 2011, 5:52 pm

Well it's a few days off till the new year and now looking back on it a lot of bad events happened in my life... but at least the anime was good ?

Post your favorite anime of 2011!

Puella Magi Madoka Magica Definitely best anime of 2011 :P

Professor Pantsu - December 29, 2011, 5:57 pm

I'm probably going to have to go with Puella Magi Madoka Magica. Yuru Yuri came pretty close though.

Deadman Wonderland, even though it got canceled it was still amazing to me.

Mikoto Urabe - December 29, 2011, 6:20 pm

I gotta say Ano hana was the best of 2011 :D

SavageBoys - December 29, 2011, 6:53 pm

Usagi Drop.

I would have to say that's my favorite for this year.

DMW lost my vote for being unfinished.

Shingeki - December 29, 2011, 6:58 pm

Mahou Shoujo Madoka?Magica. I'm a big fan.

keoni - December 29, 2011, 7:38 pm

Mawaru Penguindrum.

I finished that yesterday, and I'm still crying because it's over.

YERANUK - December 29, 2011, 7:39 pm

I find it hard to not say anything about these choices.
all the animes were not my but steins;gate

Angel Beats! - December 29, 2011, 7:40 pm

2011 wasn't my favorite year for anime. Especially considering there was no new key anime. There were a few I enjoyed, but none of them called out to me too much. I liked mayo chiki, and anohana seems good as im watching it right now.

Twisted. - December 29, 2011, 7:51 pm

Not completely sure, but probably AnoHana.

Tasemu - December 29, 2011, 8:03 pm

I think my favorite was Bakuman tbh. I really enjoyed it.

Kina - December 29, 2011, 8:56 pm

Im gonna go with Hidan No Aria. Really Really enjoyed it and was unhappy to see it end in 12 episodes.

Zehel07 - December 29, 2011, 9:13 pm

Anohana was definately my favourite this year ?

Marshmellow - December 30, 2011, 2:13 am

My favorite is either Steins;Gate or Kamisama no Memo-chou.

Reki - December 30, 2011, 8:15 am

I got three, Steins;Gate, Mahou Shoujo Madoka Magica, and Ano hi Mita Hana no Namae o Bokutachi wa Mada Shiranai. Well, if I were to choose though I found Madoka the best anime this year.

Marshmellow - December 30, 2011, 10:52 am

I didn't even watch Madoka. I might though, as I've heard a lot about it.

Rakshasa - December 31, 2011, 5:21 am

Pfft, so many...
Steins;Gate, Madoka, Yuru Yuri, Nichijou, Gosick etc...

Marshmellow - December 31, 2011, 11:21 am

Yeah, 2011 was a fairly good year for me...

Angel Beats! - December 31, 2011, 3:28 pm

Just finished AnoHana last night. Thats definitely my new choice ^.^

Really want to watch it but until I get high speed internet next year I'm stuck reading manga and unfortunately AnoHana has no manga.

Zimton - December 31, 2011, 4:31 pm

Hanasaku iroha, or... Softenni. Didn't watch much of any new anime most didn't appeal to my interest.

Reki - January 1, 2012, 1:29 am

Hanasaku Iroha was interesting. I found the beginning slow though, but as it goes it gets better. The ending was perfect for it as well.

AnoHana.

Because I'm an emotional wimp

Marshmellow - January 1, 2012, 11:20 am

I dropped AnoHana for whatever reason after the second episode or so. I should pick it back up again...

It was great, especially towards the end.

Yuusha - January 1, 2012, 1:48 pm

Probably Steins;Gate or Fate/Zero, they were both rather good.

rabownz - January 1, 2012, 1:49 pm

Some new ones like; Hanasakeru Iroha, Usagi Drop were really good.

Anyone watched Tiger and Bunny?

Really good one.
