To speak the language of OP, you must put the letters O and P in front of the letters A, E, I, O, U, and sometimes Y, unless it is at the end of a word or their are doubles of a word. For example;
Hi, my name is Bob.
Hopi, mopy nopame opis Bopob.
What's your name?
Whopat's yopour nopame?
Bon Jovi is the greatest band ever.
Bopon Jopovi opis thope gropeatopest bopand opevoper.
