Thread: [Deali-Cool SCAMMERS!](#)

So I bought 3 \$17 off deal-cool like 2-3 months ago. The site closed down and they sent me a refund, however, I didn't get the refund. I bought 4 \$11 tours from deali-cool on the December 15 and it is still not here. ?

There legitimate. You will have to contact them.

My friend has contact them before and they just keep telling him to wait for a straight month. Every time he would complain, they would say to wait a week.
