Yeah i know the earnings arent ridiculously high like 2000\$ or something, but this much money more than satisfies me

For some reason it changes the tiny pic to removed, so remove the space between tiny and pic

Nope, and your doing something wrong.

You checked the virustotal scan didnt you...no infections

And check that you entered all the proxys(use the 13337 proxy list i gave) and make sure your adfly link is correct
