Can you guys spam this phone for me please:
613-983-1247

He likes blackmailing his friends and I'm trying to help my friend by this post by maxing out his inbox/memory so he can't blackmail him.

sms bomb, use iPod app, do whatever please

THANK YOU IF YOU DO =D
(Sorry if its in the wrong section)

Edit: if you can, can you send something thatll delete his pictures. He owns a samsung galaxy s2 lte

Use www.pinger.com or other various websites... or even MSN to do it. MSN is really fast and good to spam phones if you can text their phone from it.
