Of course you'll pay less if it's in LR.
Although if you strongly insist on not going first, the trade will have to be pretty small increments, I'm very cautious.
I can assure you you'd have no issue going first with me, I have to backing of two very prominent members here and way too much at stake.

I see you're a very HQ memb, nearly 1k rep, wow - and everything. Read my #1 rule: "I wont go first, nor if you're trusted ub3r with 1k+rep".

I do agree we could do small increments, I always ask my sellers if they want to, I could go as low to 1M if you want to. But ATM I don't have LR, I gonna get money there ASAP.

Vouch for Tiszy, really legit.

I ordered 70mil for \$45.5, and I got it!

This took about 10 minutes. Without any trouble!
He of course had to check and be sure etc.. And I aswell.
But I ended up getting my 70mil, and a happy face :)
I bought this cause I just got scammed for 80mil, but this just made my day again :)

As you see I got more reputation and vouches than you. Also LR is "worth" more "money" than PayPal. So if I should buy with LR, I'll lower the buying price.
