?Hello Members And Happy New Year?

How To Create Windows 7 System Repair Disc

Firstly open Backup and Restore by clicking the Start button, clicking Control Panel, clicking System and Maintenance, and then clicking Backup and Restore.

.now take the disc out of the drive bay and label "Windows 7 System Repair Disc" (32-bit or 64-bit depending on your PC.)

Keep it safe just in case you ever need to use it!

If You Have Already The Original DVD From Windows 7 Not Need To Create That Disc
(This Is Tutorial Is Not Mine I Found It From Google But I Think To Have It And In The HackForum....)
