Thread: ['Photography' sub forum under 'Graphics'](#)

YoonA - January 9, 2012, 6:20 pm

I posted a POLL in the Lounge area to ask if any members were interested in doing Photography. I'm sure there are some HF users who really want to learn more, discuss and share about this hobby -- I, being one of them.

If we had a Photography subforum, that would mean we would have a place to discuss all this stuff. I am genuinely interested in this, along with other members. Please take this into consideration.

Thank you.

idontlift - January 9, 2012, 6:21 pm

I would really like this, I love Photography/Film Making
But I don't actually have a good camera :L

Petty - January 9, 2012, 6:22 pm

I voted on the poll. We need this HF STAFF!

-Matatan- - January 9, 2012, 6:30 pm

It would be a nice addition. I personally enjoy discussing about photography, and view other members photos and ideas. It's always nice learning new techniques or ideas.

Genequil - January 9, 2012, 6:32 pm

There aren't very many photography threads on HF, but I think adding a section for it would help create more threads. Whenever there's a photography related thread, there's always quite a few people eager to show off their photos and equipment.

Invisus - January 9, 2012, 6:34 pm

This seems like a great idea :) Would love to get more photographs onto HF.

Beehzy - January 9, 2012, 7:22 pm

I thought there was all ready a section for that? or am I just dumb?

There's 7 different graphics related subforums and a video editing one, but none for photography.

PatrickFuckingStar - January 9, 2012, 7:38 pm

I agree with this and think this is a great Idea :)

ven0m - January 9, 2012, 9:43 pm

That will be a nice addition.
thanks for the suggestion man.

i like it.

desire_ - January 10, 2012, 1:26 am

Photographing is a great hobby which many enjoy. I support this idea.

camelhump - January 10, 2012, 1:30 am

I think this would be a great addition to HF!!! Hope to see it soon

YoonA - January 10, 2012, 1:55 am

I wonder if anyone will actually act upon this, let alone read it.

Neal Caffrey - January 10, 2012, 2:30 am

I dislike the fact that their isn't a sub;forum for this :(

I enjoy photography, but the only place to discuss it is in the lounge...

The Graphics section works too as it's more relevant, but it'll get mixed up with all the "real" graphics discussion.

jubsticles - January 10, 2012, 2:48 am

I definitely like this idea, and think it would be a great addition.

Please add this, HF staff <3

Yeah, thats why most people post it in the Lounge, where I guess it belongs too, since Lounge is used to discuss anything :3

GeissT - January 10, 2012, 4:30 am

I approve of this!

Photography is indeed amazing :D

SergeantSmash™ - January 10, 2012, 6:43 am

I quite like this idea.

I enjoy going to the local park and taking photos of the children there. x)

LulleBulle - January 10, 2012, 6:56 am

I recently got a Nikon D5100 and would be really intrested if people had tips and tricks to share :)

Alpha Geek - January 10, 2012, 7:43 am

That would be a very nice addition. I would love to learn more about photography and see others work.

Proximit?y - January 10, 2012, 8:32 am

I am genuinely supporting this sub forum. it would be great for people interested in photography! I myself has got into photography recently and would be very nice if we had a subforum related to this.

theFxTradeMan - January 10, 2012, 8:37 am

Great idea! Maybe I could learn to "up" my photography skills!

Awake - January 10, 2012, 10:26 am

Seriously I agree, it'd be great.

People can show off there photography and they can learn more about it.

Amazing suggestion that needs to get taken serious look's into.

Coding King - January 10, 2012, 1:45 pm

I would like this idea!

-N0x1D32 <3's You!

Crayons - January 11, 2012, 10:59 am

Great idea! I would love to upload some stuff! :D

Halon2 - January 11, 2012, 12:52 pm

I would love to see this because i like photography

Biggrodd - January 12, 2012, 2:44 pm

I agree this would be a great feature on HF.

Like it a lot.

Dan. - January 12, 2012, 2:58 pm

This would be a great addition. I hope staff approves.

Charlie Kelly - January 12, 2012, 9:34 pm

Great suggestion i think.

I'm just about to start a semester long course of Photography in University, and would love to be able to post my work here, and get critiques and suggestions on it. I plan on taking photography further and doing it quite often as well, i would make good use of the forum, that's for sure.

Support.

Boxy Brown - April 5, 2012, 6:25 pm

I agree with this suggestion. There have been a few threads about this that were denied, but It really would be great. I love photography, and know many others do too. It'd be great to be able to show off some of my B & W Photos that I developed by hand, or some of my new digital stuff.

There is nothing bad that could come from a Photography sub-section, but A LOT of good.

YoonA - July 9, 2012, 10:32 pm

Let's give this suggestion another try. I hope more people can support this :)

Control Panel - July 9, 2012, 10:44 pm

Well this is a new one i will have to support this one it unique prob been suggest already anyway

Nonon Jakuzure - July 10, 2012, 1:16 am

I like photography. My mom's friend, who is a professional photographer for photo shoots etc, said mine were really good. I'd enjoy the occasional talk about photography, cameras, lenses, etc.

that1guy2112 - July 10, 2012, 10:44 pm

I'd love a photography section. It would be another great section that I would frequent.

ep1capple - July 10, 2012, 11:08 pm

That'd be a great sub-forum. I support this.

Omniscient - *July 11, 2012, 4:08 pm*

decided against this
