Thread: [So confusing erggg](#)

FantaŠec - January 13, 2012, 12:19 pm

Ok, just saying i am not violating any rules, i JUST went over [Help Docs](#) to see if i violate any, im not complaining, so im not.

Ok so here is the story, I one day was on hf, i get a pm, i have been warned, ya, ok, reputation abuse, ya, ok, "wait, what? Why and how?" all these questions were in my mind, so i pm omni. He doesnt answer for a minute, i find out why, i see in my post, i have -34 rep, hmmm, must be a glitch i thought, or not me, i realized i was rep fucked, now im freaking out. So i pm him back keeping my cool. He then says i repped a member, who just joined. He was also evading a ban he said. So he rep fucked me because he thought i helped him and gave him a rep. I am 100% positive i didnt, i only give reps on occasion to new members to get them started. So i go to look at his profile, and right when i do, omni removed his rep, so i cant see. :? So then i go check his posts and threads to see why i would give him rep, there was no reason, all it was. was mostly LQP, (i dont give rep for that, i report that.) So i realize, my acc must be hacked, so immediately i check my user cp, and see last login from my ip, about a month ago. (But as i am writing this thread, i realize i logged in recently, on a new ip. Maybe i am hacked :O, time to investigate) I realize everything is ok, so now i realize, time to prove omni wrong, again, as i proved him wrong last time i got rep fucked by him, (ergg last time it was only 100 this time it was way more.) So im trying to figure a way out to see the users reputation, cached version, recents, somehow. I do not know what i should do for now, i worked hard on my rep :(and now its all gone, even if my acc repped him (I DEFINITELY didnt) why would i be rep fucked? repping a new member, you cant accuse someone who repped a new member of aiding in his ban evasion, i could bet at least 5% of members on hf, are ban evaders, (if you rep one of them within 24 hours of joining, even if you dont know they are evading ban, your going to be rep fucked and warned so look out) That is my argument. ://
again, i did not violate any rules, no complaining, no posting my pms with him, nothing more than posting my story.

Get over it. A repfuck is not reversible.

FantaŠec - January 13, 2012, 12:30 pm

I dont think you understand, i didnt give him the rep though, and omni cant go back and double check, because when he rep fucked me, he removed the other dudes rep. and also it is reversible, but you dont know how. they say that so you dont get your hopes up.

did ?ou read the whole thread, because if ?ou did, ?ou would have seen everything necessary. If ?ou look at my rep, ?ou will see what rep fuck is. They delete all + rep

Douchebag # 145 - January 13, 2012, 12:32 pm

Sucks if you got hacked.

Omni often RFs people he thinks are assisting evaders.

FantaŠec - January 13, 2012, 1:42 pm

I know, i hope someone can look at my ips, idk why it didnt show up :O, and also, for repping a new member i didnt even rep, i mean come on.

ovicomm - January 13, 2012, 2:37 pm

Interesting story though... Well I just learned something new about rules .

Omniscient - January 13, 2012, 3:11 pm

You repped this member:

<https://hackforums.net/member.php?action=profile&uid=1119811>

This is what you said in a PM to me.

Quote:wait wait wait, i never assisted him, he scammed me, i have proof he scammed me, he ruined my business on hf, i + repped him, because his friend said he will remove his rep on me, if i + rep him.

So you +repped a scammer. And his "Friend" was him hoping to scam other members.

You got some fucking nerve making this thread. Your ub3r is removed.

FantaŠec - January 13, 2012, 3:35 pm

Wait wait wait, what!?!? You confused me, you told me i repped someone named sean, i thought you were talking about a user who ganged repped me, i + repped his acc. that wasnt it, i + repped his acc in Dec. the acc. you think i repped was made yesterday.

Rolex™ - January 13, 2012, 3:39 pm

Hey, I wouldn't argue with Omni, it's not gonna get you anywhere. I think Omni's right, why the hell would you +rep a scammer, then make this thread?

FantaŠec - January 13, 2012, 3:39 pm

I cant even pm you, i had so many pms, its over full, so idk what to say, i guess you lost what people thought was an hq member, and your really doing this over a little thing as rep? Even though i have never repped that acc. and you remove my uber because of a thread? how is that mature? I mean chill out, i know you have a lot on your hands, but seriously?

I NEVER EVER EVER +repped a scammer, read the thread. He accused me of +repping a ban evader, i never did, unless my acc is hacked. which i dont think it is. I + repped seans acc, not that one, you can see if youd like, if i can find his profile. And what is worse? i wasted 40\$ on uber, leet did me nothing, i was an hq member, not once did someone call me lq, omni didnt like me from the beginning, i got repfucked, warned, kicked out of uber, and lost all pm space. What else can happen? HF was my life, it was id look forward to when i got home from school. And on the weekend sometimes if im not with friends.

Yo Fanta, Imma let you finish, but. This is Omniscient's site, he can do whatever he pleases. If you don't like it, leave.

FantaSec - January 13, 2012, 3:51 pm

I like it here, but this is just, unfair, he says he is fair to everyone, but he has and had something against me since beginning, i was going to donate over 500\$ this month, (no troll/joking) and now im not, it sucks to be back at leet, and with neg rep... and Your signature privileges are suspended until 07-11-2012 06:13 PM.

ughhh, ima die now

Don't piss off omni or youll get banned

--

EDIT; knew it, when something like this happens, its best not to make any thread, it WILL not help it whether you think it will or not

1. You knew Sean. You said he scammed you.
2. You stated in a PM to me that some friend wanted a +rep to remove your neg rep. Or some such shitty ass deal.
3. That "friend" was just Sean multi accounting and ban evading to scam again.
4. You did leave "Yo Mad Bro" a positive rep just after the account was created and for no damn good reason other than to assist a ban evading scammer.

Now you can just fuck off and be banned too. You help a scammer that makes you a scammer. I

don't give a rats ass about your shitty whiny or excuses.
