im NOT using protection to crypt it.

And i can crypt you this http bot.

And i can do via Teamviewer, but you are a customer and i wont bind your file.

It's " fill " not " file " ... and im waiting for you since 6+ hours on skype to come online.

NotReal5tuff - April 21, 2012, 3:03 pm

how long until you send me crypted file? its been a very long time...

RaresForYou - April 22, 2012, 6:33 pm

I still haven't received a FUD crypt. Can't send any PM's nor is he on Skype :(

Fuck The Po - May 23, 2012, 7:51 am

About how long does it stay FUD for?

?us?ness - May 23, 2012, 7:56 am

"Your own custom made & unique FUD Stub. Only made for you."

WARNING: Your a fucking idiot. Just to let everyone know that basically means he has to make a new crypter for every server he crypts. Obviously you just bought a crypter and threw a bunch of random shit on a thread with some nice GFX.
