I didn't deface the main site in order to keep my shell, so instead i just defaced a directory on the site ?

Check out my newest deface page, and please rate, any feedback would be cool.

Thanks brah's! ?

Nice job.

Is that picture out of the movie "A Gamers day" ? :D

Pro 1337 injeXtion Haxor - January 19, 2012, 10:24 pm

Uh oh, looks like something happened to your deface page.

XD laughed my ass off lol :D

You still got your shell up?

E36 - January 19, 2012, 10:32 pm

I dont get the credit cards...whats that have to do with defacing?

Developer - January 19, 2012, 10:37 pm

I don't like that picture from THN, they use it so much...

AWESOME! Love the page lol! but in my browser the page kinda twitches and scroll bar spams on and off... but hell its a hack who cares!

?

funning17 - January 21, 2012, 12:36 pm

lol nice page man keep up the good work :P

I've never seen this Devil Shell ..is it any good? ..looks cool ?

Upload your shell then get on your shell upload another to a diff dir (hidden) name as something random as hell delete first shell easy as 1, 2, 3, :)

Dik_In_D_Ai - January 23, 2012, 6:12 pm

this is awsom man love the deface keep up the good work

Well, Good job !

I didnt like the deface page.

Evil. - February 2, 2012, 12:11 pm

For some reason I like the deface, haha good job.

Alphaseek - February 12, 2012, 11:53 am

Nice but which shell you used for defacing?
