it is a great movie saw it the 1st day it came out.

only thing that disappointed me was how short it was. wish it was longer or a sequel

It wasn't that accurate historically. I do like the movie a lot though. Great movie.

Yeah you're right,it is short :S..  
But from the ending it looks that there's another movie coming no?  
but in the other hand,it'll take them years to make it :(
