Thread: [\[TUT\] How to get your money back from Play.com products. \[/TUT\]](#)

Hello ?

Today I'll be teaching you how to get your money back from items that you bought from Play.com.

Play.com is worldwide and the best thing about it is, that it ships worldwide and all shipping is free.

The trick to this method, is that Play.com sends out goods that they sell, however.. people are allowed to sell their own personal goods at a price using a service called "PlayTrade"

Because Play.com don't sell the item, the person/seller no doubt has no more in stock of the same item, so he/she will not ask you to return the product for replacement. Instead they will give you a refund for the product.

An example..

Quote:Me: Hello I bought your item from Play.com >>URL to item<< and I haven't yet received it, I'm just wondering if it has been sent out yet?

Seller: Yes I shipped it out first thing, Perhaps it got lost in the post.

Me: Okay, would I be able to get a refund?

Seller: Yes, if I have anymore in stock, get back to me and I'll sell it again for 3/4 of the price.

I used this exact method and got refunds.

This works 80% of the time ?

Hope it helps!
