congrats man...

btw, i have 1 question....

what is the windows that you are using, is it any special edition of win7?

**Meep** - February 3, 2012, 4:39 am

woah nice, I wish I could do that :/

I've always been a fan of windows 2000..

but this is Windows 7 Ultimate with the classic theme. All the great features of Windows 7 without it being a resource hog.
