Thread: [Crack Aeries Portal Encryption?](#)

Agent 7 - December 28, 2009, 11:53 pm

Hello all,

I have seriously looked into cracking the encryption of Aeries <http://abi.sduhsd.net/abi>

It is currently in 128-bit encryption and is giving me quite a headache. If anyone has idea they are more than welcome, though at this point I believe human manipulation will be the easiest way to hack it.

Again, ideas and opinions please... take a look at that link... SHIT link is wrong it is <http://abi.sduhsd.net/abi>

Same here bro, no luck. I did the good old shoulder peek on one of the secretaries, i got her password, not her username though XD

BUT i know an excellent way to do it, ill be posting a tutorial asap(im going to post it after i reply)
