Been posted a lot of times, but for anyone whom may not know about this site. Here's a tutorial on how to get it work!

Getting Started

You will need to register at Gagabux.

[Register here](#)

Ok so now you have registered at Gagabux, congratulations you are already half way!

Note:

This method is not going to make you money straight away. This process takes at least 2 weeks until you start making some descent money. Many people give up after 2-5 days which is disappointing as they could be making hundreds a week if they were to continue like myself!

Ok so lets get started then shall we, you have just registered at Gagabux now you will see a page like this:

Ok so now you are given a page of surveys to view the picture above explains what the different symbols mean.

You get around 50 ads to view per day making you an average of \$0.75. It is much better upgrading your account and you earn much more! 0.75 dollars a day & advertising your account. You'll be increasing your money in no time!

don't let the small number fool you!

Once you made \$1.00 you can rent a referral, meaning you get paid for every click this person does daily. The price of referrals are only \$0.60. And the reason I say \$1.00 is that if your referral does not click anything you can simply renew it for only \$0.20.

I myself have over 71 referrals all making an average of 10-50 clicks a day which is approx \$39.00 a day!

So it's simply as that, sign up and start clicking the ads.

Credits go to GlockAmok for this amazing tutorial!

Thanks mate. It's a pretty slow technique, but it'll finally add up!

Grammar Rays - February 4, 2012, 3:49 am

I'm already registered.
Main Balance: \$2.225

I heard they're a scam site so I'm going to just get these 200 clicks and then cash out and if I don't get the money I'll tell you guys.

I've got 2 referrals doing all ads everyday so it's easy money for me.
