Thread: [\[All members\] Giving away 10 free Minecraft accounts! \[One per person\]](#)

Straig - February 4, 2012, 3:30 am

Hello!

I am giving away 10 minecraft accounts.

These accounts have been cracked so you cannot login to minecraft.net with them, only the Minecraft client.

1 account per person.

If you would like an account please post on this thread. I will PM you with the account details. First come first serve.

NOTE: You cannot change the password on this account, if you do you run the risk in losing the account.
