Thread: [{HASH} What hash type is this?](#)

naughtypally - February 6, 2012, 3:47 pm

Hoy, what kind of hash type is this: 15FxqGyzY1KWo?

Thanks!

kingersman - February 6, 2012, 3:50 pm

UNIX, possibly DES UNIX

too shoorrtrt

((void (*)())NULL)() - February 6, 2012, 4:39 pm

DES Unix. </thread>

Defeating / bypassing the 35 character limit is dishonest.

Emoticon - February 6, 2012, 5:00 pm

It's a DES Unix hash.

Any questions, feel free to [PM me](#).

F4T4L 3RR0R - February 6, 2012, 5:04 pm

First of all, as said before, it's DES Unix. You can use InsidePro or hashcat, or whatever you prefer to crack it.

Second, what's wrong with posting in the cryptography section?

Zhen. - February 6, 2012, 9:20 pm

Download my Hash Detector for future use

It's a DES(Unix) Hash: <http://screensnapr.com/v/ycXbrh.png>

Hooded Robin - February 6, 2012, 9:45 pm

This and all other hash related questions should go in the crypto section...

RaIDeN3 - February 14, 2012, 8:59 am

what kind of hash is this?
