Hello HF Members/Users. I am here today to giveaway free logins to all Users/Members that are HQ only. To recieve this please register at the website below, then post below and PM me your username and i will accept you.

This is a free shell booter so dont expect to much out of it. I havent tried it so i really dont know how hard it hits. Remember to get this please post below, Register, then PM me your username and i will then check to see if you are HQ or not. If you are not HQ you will get ignored and banned from registering on my booter.Shells will be added when i get somemore but untill then you will have to hang with what we got. Feel free to donate. There is also a pic of the shells below, Once i recieve more shells that pic will be updated.
