Thread: [Your favorite sad moment in Anime history?](#)

Valkyrion - February 12, 2012, 1:07 pm

Didn't see one of these, and I just re-watched my favorite anime to which I cried ;^;

So what's your favorite sad moment?

And let's not spoil it for anyone ^^

For me, it's Karas: Episode 5. (if you've watched the anime, you know what I mean, if you haven't..... WATCH IT)

:3

Marshmellow - February 12, 2012, 1:13 pm

I honestly have no clue, but I'd have to go mainstream say it's at the end of Clannad.

Tengen Toppa Gurren Lagann Spoiler:

Spoiler ([Click to View](#)) My favorite sad part is in TTGL where the Anti-Spiral puts all of the Dai-Gurren Brigade into a deep hypnosis sleep. Inside this each member is having a dream but Kamina comes back and brings them out of the sleep. It's pretty sad but fucking legendary. QQ

Pretty much the entire flashback of the Ishvalan War, but Spoiler ([Click to View](#))the brutal murder of Winry's parents takes the cake.

Now, I may sound like an asshole, but at least half of these sound bloody hilarious.

I suppose it's all in the mood, but I'm just saying.

I've yet to watch Fulmetal Alchemist. I was turned off by the sheer amount of content.

Don't quote spoilers, there's a reason why they're put in spoiler tags. For you, getting spoiled may be alright, but for others like me, it's disastrous. I might have ranted here if I haven't watched Gurren Lagann yet.

im not trying to sound badass or anything but i don't get sad any more, im practically dead inside

Inb4Clannad

Hm, I don't want to say Clannad, even though that's the most obvious for me,

So I will have to say the end of Elfen Lied.

Spoiler ([Click to View](#))

When she died. That made me cry.

Until another masterpiece pops up and you fall yet again into depression?

Don't go saying crap like you're dead inside, the amount of REAL melancholy is greatly limited..
We're really lacking emotional appeals nowadays. :/

Hell, what do I know.. Scratch that, perhaps you're actually dead inside.

Nabari no Ou also had a sad ending, Code Geass did a very good representation, not as sad of an idea as most others, but portrayed really well to increase its effect

I'd keep Anohana as the winner by far though
