Wth ?? it just works fine, just logged into the thing

meto619 - February 15, 2012, 9:02 am

OMG man this one is nice!!

At least its different then all the other topcs who hacked a website, you just shared a life VPS <3

Ravens7 - February 15, 2012, 11:08 am

thanks i just thry to be at my best :)

(beside i can see the users who connected to the VPS [742] and only 3 people say thank you ? or atleast gave feedback ??)

MatiasMunk - February 15, 2012, 4:47 pm

The password can EASILY be changed!
Haha I trolled u all on the VPS big time :D

Pfft so thats why the pass is the same and all still works haha

Hycca - February 16, 2012, 1:56 am

That's a really good share. Thanks alot!

Ravens7 - February 16, 2012, 2:24 am

To all the PM i get for a FREE vps here is my note to this :

You can get a FREE vps from me , BUT only if you trade something NO CASH!!

And maybe later i will write a tut on how i get these servers

The Ion - February 16, 2012, 2:46 am

nice one bro keep it up :) keep going

spleken - February 16, 2012, 2:57 am

when i install MSSQL 2000 its not working
why sir?

Ravens7 - February 16, 2012, 3:44 am

caus its already on it and running its service lol

I said that I changed the password? I said that it could EASILY be done.

Anyone read my troll message? :D

ChrisDroBoe - February 16, 2012, 11:27 am

Looks really good. Pm me the password attempt Was failed! Pm me please!

Sw1x - February 16, 2012, 11:40 am

Good work man, hopefully you won't get caught! ^^

spleken - February 16, 2012, 10:35 pm

i already installed SQLEVAL 2000
it almost done
but when i run it it say 'access denied'

Undead16 - February 16, 2012, 11:46 pm

It keeps failing for me. The password you posted does not work.
I feel Like a jerk now. I got it to work thanks a lot. Nice share keep it up.

Personmans - February 17, 2012, 12:05 am

It's still up. Nice work.

No access to AD though ;)
