Thread: [\[Free\] Need For Speed World - Cheap Speed Boost \(Up to 20 times cheaper\)](#)

JohnRonder - February 18, 2012, 11:57 am

EDIT 29-03-2012: The method seems to be patched, I will reopen this thread if I find another method!
SORRY!

Haven't seen this posted here yet, and I've known this method for at least 2 months now.

A small text guide I wrote on how to get really really cheap speed boost, for any of you NFSW players out there.

Get 50k (or more, depending on the special offers) Speed Boost for about 3.5 USD, normally costing way over 150 usd.

Totally legal and safe with their TOS.

Post here and pm me.

LEET and UBER get the guide sent directly, non-leet/ubers will get a survey'd link, sorry!

Screeny of my current speed boost:

Great guide. Vouch for John. Dunno if I'll use it because this game is full of hackers but his guide is amazing.

It's like the premium currency of this game. It's pretty expensive to be honest.

Vouch. The method actually works. It actually shows "17 zl" which is 5 USD for my account for 50K speedboost.

iDragon - March 7, 2012, 1:30 pm

Ah I know this already, just change on ea your country to poland and relog on nfsw homepage, done :D

#Edit

Login with your NFSW account here <http://www.ea.com/>

Now click on your name and set Country and NOT language to Poland.

Now relog into world.needforspeed.com and go to Buy Boost and you will see prices in zł (pln) and if you buy, you will pay in your currency, but for the price is sayn there.
