How to make a Google Chrome Engine

Hi, in this tutorial im gonna show you how to get a google chrome engine (webbrowser) in you're VB.net project. I will explain every single step for you.

Instructions:

1) Copy all the files in the "WebKit.NET-0.5-bin-cairo\bin" (except the .exe) folder into the "...bin\Debug" of your project;

[Download WebKit.NET-0.5-bin-cairo.rar](#)

[Click here for virus scan](#)

2) In Your Toolbox Right Click And Click "Choose Items...". A New Form Will Show Up

3) In The .Net Framework Components tab click "Browse".

4) Add The "WebkitBrowser.dll" from your Debug folder

5) Now you will have the webkit control in your toolbox. Drag it to your form and use it like a web browser component, fill your form up with it and anchor it to all sides so it will get bigger and smaller when you resize the form.

6) Name The Webkit Browser: WebBrowser

7) Done.

Note: If some of you have problems starting ur application from Visual Studio, just click on the green debug button, and if it gives you an error just ignore it. Then go to you're project bin/debug folder and run you're application, and it should start.

HOW DID YOU DECOMPILE A GOOGLE CHROME ASPECT?

no1me - February 19, 2012, 3:48 am

maybe mini tut but good info Google Chrome Engine is very good

CPAManager - February 19, 2012, 4:01 am

(Feb 19, 2012 04:47 AM)Michael Wrote: [\[CITE\]](#) HOW DID YOU DECOMPILE A GOOGLE CHROME ASPECT?

Well, you just need to find out what engine google chrome is running on, and then the most times you can download the files you need on google.

(Feb 19, 2012 04:48 AM)no1me Wrote: [\[CITE\]](#) maybe mini tut but good info Google Chrome Engine is very good

Thanks, and yeah google chrome is a very good engine, because its fast as hell! :)

Take care

no1me - February 19, 2012, 4:32 am

Delete it as i say . tnx for the scan for other ppl .

no1me - February 19, 2012, 4:37 am

u need to post virus scan

if some1 dont want to download he can download from sourceforge

i will delete it if u post av scan

sorry for the miss understanding

CPAManager - February 19, 2012, 4:46 am

Added a virus scan now.

//this is //

HackFox - February 19, 2012, 6:07 am

Already made a [tutorial](#) for it (about 1.5 years ago) Thanks for re-sharing tho'

Webkits are really useful since the IE WebBrowser component is truly horrible.

CPAManager - February 19, 2012, 6:12 am

Oh nice :) I tried to search for "Google Chrome Engine" but i didn't find anything so i decided to make a thread about it. But yeah the IE browser really sucks :) Thanks for you're post!

Penthos - February 19, 2012, 7:11 am

This is actually Great, just tried it out and GOD DAM its quick! , Much better then the webbrowser control. I usually use Httpwebrequests but may use this for simple things now as its just great :P
Thanks man:P

Qustom - February 19, 2012, 8:45 am

I like the picture. There's no better thing than Google in Danish haha ;-)

Yes exactly :-)

Would you mind helping me out with this a bit please?

An error occurred creating the form. See Exception.InnerException for details. The error is: Failed to initialize activation context

Code Public Class Form1

Private Sub Button1_Click(sender As Object, e As EventArgs) Handles Button1.Click
WebKitBrowser1.Navigate("http://google.com/")

End Sub

End Class

CPAManager - February 19, 2012, 12:20 pm

is

too

short

I dont think you followed the steps correctly then, please try again.

Menalix - February 19, 2012, 1:33 pm

Cool tutorial even I've seen one of these.

And nice you're from Denmark too :)

OneTXxL - October 1, 2012, 3:40 pm

hello good poste is link is dead new link is

<http://sourceforge.net/projects/webkitdotnet/files/WebKit%20.NET%200.x/0.5/>

Xyzo - December 17, 2012, 12:36 pm

very good, quick and easy ! thanks for sharin ;)

fjallis - December 19, 2012, 10:29 am

Just me who don't like the extra 20 mb extra you gotta throw in with your app?

Thats mainly why I don't make any apps related to the webbrowser :P

stevensavior - January 12, 2013, 2:18 am

Thanks so much for re uploaded link.

Great share !

Download link is down, please update it thanks i really like your tutorial wana follow it ?

stevensavior - *January 12, 2013, 2:39 am*

New link is [here](#)

Thanks OneTXxL

What are differences between ths WebKitBrowser and WebBrowser component of Visual Basic 2010 ?

Thanks

DOTDOT - *January 30, 2013, 12:23 am*

Cant Get to The Download Link

Dropbox cant find it :(

It Looked So Cool
