Kill4joy KJ-Vulcan Tools - March 2, 2012, 4:14 pm

I am considering allowing different products from HF to advertise directly on <http://vulcantools.net/>

I am thinking in the range of 20\$-40\$/month (Depending on the positioning & size of the advertisement).

Those are some statistics, please understand that these are PURELY unique visitors, and do not reflect the number of psychical page views.

I am open to negotiation on any type of advertising or partnership deal. Please post or PM me to talk about this.

Vouch for KJ as a legit trader, and for the tools. I have used almost all of them and I still have yet to find a complaint.
