Lol...?

It's pretty hard to understand your awful English, but are you saying that based on a comment, Arcane is a ban evader?
???

I've seen the page, and I see the comment in which you are referring to, but just because Arcane spoke the same way, doesn't make him a ban evader...

You guys get mad at each for grave digging, than continue to dig it more by arguing on it.
/logic

It doesn't really make a difference since it has already been dug up. Unless someone decides to quit arguing then some numpty keeps it going.

itzthead - April 30, 2014, 6:12 am

The real question is how did the original gravedigger even know what the defacement looked like?
