Sasori - March 16, 2012, 8:41 pm

I'm not sure why he wanted a CnC.

There's not much to it.

Ohya - March 17, 2012, 3:37 pm

Not sure if trolling or.. did he really give you \$4 to post that here?

Goldenrod - March 17, 2012, 4:28 pm

4/10, no effects, just rendered a fighter and ctrl+shift+U some fight then pasted them together with added text.

Hmmm Ill Give It A 3/10 It Looks To Simple But I Guess It Still Look Nice

DeltaSierra96 - March 17, 2012, 5:30 pm

5/10 De-saturating an image, adding some styled text and a render isn't impressive. Sorry.

Why would you get notified?

You have to go back and look at the thread or subscribe to the thread, then you can go to your UserCP and when someone replies, it will show you.
