As far as I know, chm are html-like help files. They generally store a bunch of information about a product in them that can be accessed easily through searching or with an index of pages.

Here's an example of the AutoHotkey.chm help file:

xrinnenganx - March 25, 2012, 10:00 am

thanks super effective! i dragged the files to my windows partition and they looked like that too

javex - March 25, 2012, 10:56 am

Lol i saw the link, i thought i have to comment for the link

The Elite Noob - March 25, 2012, 2:52 pm

Thanks for the books, the cryptography book was especially useful.

Inso - March 25, 2012, 3:18 pm

Thanks, tomorrow after school I'll make a thread about the cryptography pdf collection I have, you might be interested in it.

shadowyaadi - March 29, 2012, 1:45 pm

Thanks for the download man..really appreciate it

M?§? - March 30, 2012, 5:05 am

Thanks you for the sharing :), shoorty

Inso - March 30, 2012, 11:58 am

No problem, hope you learn something from them!

tux1 - March 30, 2012, 2:20 pm

Thanks for the books and the direct link!

MUT4NT - March 31, 2012, 10:45 am

Hey jackeh, good collection, thanks for share
