anatho - December 10, 2012, 10:22 am

Hi

I am interested in this :)

About WoW game time, is this a scan or text-only?

Where does it come from (no need to tell me your supplier, I just want to know if it is legally

obtained and not carded)?

How long does it take to send it to me after received payment?

I saw that you have zero negative rep, so I think this would be a good deal :)

Edit: Just saw you also sell game keys now. EA or Steam? Scan or text? Would you please send me your list?

In?sane? - December 10, 2012, 12:23 pm

I have a friend interested in this, he owns an online gamekey store and he would take 30 x 60 days
Please let me know if this would be possible and what would be the price.

Prestige World Wide - December 12, 2012, 3:37 pm

can i buy a 60 day code? pm you now

anatho - December 13, 2012, 6:06 pm

I bought a 60 days code, however, he only had 30 days. So he sent me the 30 days and also refunded me \$8.

Good and legit seller, I vouch for him.

You might want to adjust your prices since they are higher then the ones from Blizzard self..

Not even close.

Anyways just have to tell everyone that im taking a break from selling because of real life issues, i will keep everyone on Skype and let you know when im ready to sell again (probably going to find a new apartment and it might take time to get a new internet connection there).
