SIM-63814 - January 16, 2010, 2:21 pm

This is great. All in one place. ^^

Ryuujinx - January 17, 2010, 12:32 pm

I disagree on the classification on code geass.... Though it's certainly not as psychological as death note, it's certainly not just action oriented either.

Also,

Black Cat - Action

Chobits - Romance,Comedy

Fate/Stay Night - Action/Some Romance

Gatekeepers - Action,Romance

Sekirei - Action,Romance (lots of fan service, few 18+ boob shots)

Grenadier - Action (lots of fan service)

K-ON! - Slice of Life, Comedy

Makai Senki Disagaea - Action. (yes it is based off the game)

s-cry-ed - Action

Star ocean EX - Action

Tales of Phantasia - Action,Romance (short little 4 episode OVA, I like it)

I just finished watching some kind of weird Loli Anime called Moetan. Although I loved the way the producers made it clear you are watching an Anime. You'd have to watch it to get what I mean if you haven't already.

.Nielz - April 16, 2010, 2:18 pm

no problem, i also recommend looking on anime-planet to look at recommendations they have for anime you have watched(trigun, cowboy bebop etc) that will give you the best idea at what to watch next. when you make a recommendation thread on here it doesnt matter what you say you have watched, they will always recommend the same lame stuff just for the fact they dont watch anything

else.

It feels like you're talking about me :S

But you're right...

(Sorry for spam)

MrIncredible6 - August 23, 2010, 10:48 pm

I'll just add Avatar: The Last Airbender. Great for people who like short animes with great storylines. It's not on any charts there because it's officially considered a cartoon, as it was made in the US.

Airex - September 10, 2010, 11:13 pm

I really love those anime charts =) Made me interested again on watching anime.

nutnfancy - September 25, 2010, 10:51 am

Or should I go ahead and make one ?

carpetmuncher - October 28, 2010, 6:20 pm

CoNsEqUeNcE - October 28, 2010, 6:26 pm

I cried so hard when you said I will your edit your posts if you post a recommendation of Bleach.

I recommend School Rumble for you squeemish-types, so you do not get disturbed by the awesomeness of Ghost in the shell.

snowyDK - November 15, 2010, 7:32 am

Peter Pot - November 15, 2010, 7:55 am
