Thread: [High end amazon vouchers](#)

Phreak™ - March 28, 2012, 3:51 pm

Ive just recieved a 1k GBP amazon voucher, (like 1.4k USD)..

Is it wise to put it on my real account? This was black mailed.

Red Army - March 28, 2012, 3:55 pm

Put it on a fake one mate, just to be safe.

EazyZ - March 28, 2012, 4:04 pm

sell it for 20% less for in the hand cash, someone wanting to purchase a tv or something will surely buy it

Don't let them swindle you for anything more than 20%
