Well using Holo and my favorite loli fox-human fox ears have the win.... However cat ears are still awesome on Lolis

[AF] Youssef - March 29, 2012, 3:21 pm

I got a thing for cats. Hot cats.

Nekomimi maids with glasses for sure.

DoubleRainbow - March 29, 2012, 3:22 pm

Cat ears 4 lyf obviously.

I'd maybe go for fox ears, but I've never seen them in an anime yet. And the rabbit ears, wtf?

hikikomori - March 29, 2012, 3:32 pm

Nekomimi for sure, couldn't without em.

Maybe Kitsunemimi, if they were loli.

You have to admit, this is just badass.

What, koumorimini? lol

But it's not like you're running into females with badwings for ears every day, so I'll have to say nekomimi.

Mavis - March 29, 2012, 4:17 pm

Nekomimi, I mean come on its a win hands down. It can make any loli look cute...

Sorun - March 29, 2012, 5:50 pm

The only character that can make bunny ears look slightly cute is Reisen. I'll stick to cat ears

I really did expect more from you Angel :/

Angel Beats! - March 29, 2012, 7:18 pm

Welp, just looked at the pictures. WHY IS HOLO UNDER FOX EARS, SHE IS A WOLF, IT IS NOT SPICE AND FOX, IT'S SPICE AND WOLF.

Still keeping other as my vote, I don't like fox ears, only wolf. When I think of fox ears I think of whatsherface (makoto or something) from Kanon and god she was annoying.

If your thinking of Makoto from BlazBlue she's actually a squirrel lol.

Wait wait wait, what if Holo is a fox and the dude is the wolf....I mean...he kinda has the right hair doesnt he?

Okay nvm, did some searching....people say she resembles a fox but is indeed a wolf...bleh. Changed the image.

Tasemu - March 30, 2012, 12:22 am

Nekomimi without a doubt. I got a soft spot for teh cat girls. ^^

Black Hole - March 30, 2012, 7:48 pm

I need more topics that don't end in landslides -.-

Montie-Kin - March 30, 2012, 8:37 pm

I voted for the cat ears. Non anime fans have asked me why I like girls with cat ears, thinking it's some twisted sub form of bestiality, and I never really have a direct answer for it. I just say, "Well, why do you like Playboy bunnies?". The neko ears and tail thing is basically Japans equivalent to America's playboy bunny ears and tail, Japan just has a slightly wider variety... and better taste for that matter. lol

Black Hole - April 1, 2012, 9:50 pm

Make sure you guys get your votes in before Wednesday if you wanna participate this week!

Good luck and hope your favorite win ^^
