I think I deserve it because I am a HQ member, I have been extremely active around HF, but something has me enjoy it so much! Then I got my L33T upgrade and then yesterday I got my UB3R! I had 40 reputation and now I have 180! That proves how worthy I am towards HF. I try my hardest by helping people out. I really hope I win because I ran out of membership 2 days ago.

Regards.
